**RE: Concept Proposal for the CAL FIRE Greenhouse Gas Reduction Funds (GGRF) California Forestry Improvement Program (CFIP)**

Dear Applicant,

Thank you for your interest in the Greenhouse Gas Reduction Fund (GGRF) California Forestry Improvement Program (CFIP) Reforestation Grant Program. There was a lot of interest in grant funding for many worthy projects. The decision to determine which proposals would be invited to the application phase was difficult.

Unfortunately, your concept proposal for **XXX** was not selected for further consideration in this grant cycle. This does not preclude you from any other grant opportunities, and we encourage you to apply for future GGRF program grants should there be other opportunities.

Once final awards have been made, a list of successful applicants will be posted at <http://www.fire.ca.gov/grants/grants.php>. Again, thank you for your interest.

Sincerely,

Duane Shintaku  
Deputy Director, Resource Management

RE: Project Application for the State Responsibility Area Fire Prevention Fund (SRAFPF) Grant Program

Dear Applicant,

Thank you for your interest in the SRAFPF Grant Program. There was incredible interest in applying for grant funding to fund many worthy projects. The decision to award grant funding for projects was difficult.

We regret to inform you that your project application for «**Project\_Name**» has not been selected for funding in this grant cycle. Should additional funding be available in the current fiscal year, CAL FIRE will contact you if able to award funds for your project.

The decision on the current grant cycle does not preclude you from applying for future grants should there be other opportunities. Any grant opportunities available in the future will be updated on CAL FIRE's grant website <http://www.fire.ca.gov/grants/grants.php>.

A list of successful applicants will be posted at <http://www.fire.ca.gov>. Again, thank you for your interest.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sam Walker'.

Sam Walker  
SRA Fire Prevention Fund Program Manager
