Re: Hearing for adopting new maps for the State Responsibility Areas (SRAs)

Public Resources Code 4125 states:

“(a) The board shall classify all lands within the state, without regard to any classification by or for any federal agency or purpose, for the purpose of determining areas in which the financial responsibility of preventing and suppressing fires is primarily the responsibility of the state. The prevention and suppression of fires in all areas that are not so classified is primarily the responsibility of local or federal agencies.”
