Mr. Matt Dias,  
Executive Officer  
California State Board of Forestry and Fire Protection  
P.O. Box 944246  
Sacramento, CA 94244-2460

Matt,

I hope this note finds you well. I would like to submit my name for consideration for one of the three current academic vacancies on the Effectiveness Monitoring Committee (EMC).

I have been an Academic Advisor with the University of California Cooperative Extension for the past 32 years. For most of my career my professional disciplinary focus has been on Forestry and Wildlands Ecology. My CV and Bibliography (attached) reflect the broad array of experiences I have developed of the course of my career. As you know, I am a Registered Professional Forester, RPF #2709.

On July 1, 2017 I will transition from an active Academic Appointment to emeritus status as I will be retiring. This transition will allow me to continue my affiliation with UC but will free me from my current administrative assignment and duties. I plan to continue pursuing my other academic and professional interests.

Thank you for accepting my nomination. If you have any questions, do not hesitate to give me a call.

Sincerely,

*Gregory A. Giusti*
