Dear Ms. Hannigan,

I just learned of the planned vegetation control project for the Silverado/Modjeska area. This plan is very detailed and I do not have sufficient time to respond under the current time frame. I am requesting that you extend the comment period so that my neighbors and I can respond. Since we live in the impacted area we are very concerned about the appropriate response to the fire risk in the area and would like to provide input. We did not receive any notification of the proposed plan and, having just learned of it, will need more time to respond.

Thank you.

Francesca Duff
