**To:** Vegetation Treatment Program@BOF  
**Cc:** tomott@cox.net; 'Danielle (5150mom@cox.net)'  
**Subject:** CalFire's proposed Vegetation Treatment Program (VTP) - Draft PEIR Comments

**Importance:** High

We are stakeholders for lands that appear to be within a VTP 'modeled fuel break treatment' area, but we were not notified about the comment period for the DEIR, as CEQA requires. We ask CalFire to extend the review period on the VTP DEIR so that we can better review it and submit comments
