Dear registrants:

In preparation for conversion to the online timber harvest permit program CALTREES, Cal Fire will not be accepting timber harvest document submissions on the old timber harvest forms after December 31, 2018.

Please begin using the new forms for any newly started exemptions, emergencies, NTMPs or THPs. The new forms are designed and arranged for transposing information into the new CALTREES format. By using the new forms now you will prevent delays in document processing and/or re-submission at years end.

The new timber harvest forms can be found at the link below:
