**Status Report****February 28, 2006****Project name: SRA Classification System, 2006****Project Type: Regulatory Action.**

Proposed regulation to update a procedural publication which is used to classify State Responsibility Areas (SRA). The procedural publication is titled *State Responsibility Area Classification System*. This publication provides instructions for evaluating and documenting periodic changes to the official SRA maps.

Status:

- Board held initial public hearing for potential adoption of the regulation on February 9, 2006.
- Board completed and closed public hearing. Board voted to continue Board deliberation at the March 8, 2006 regular Board meeting in Sacramento, CA.
- Board recommended minor changes to pages 18, 19, and 26 of proposed Guidelines. The most current version is posted on the web site and dated February 28, 2006.
- Board requested written comments from CDF Fire Protection prior to any adoption.

Milestone and Timeline:

- Board adopt regulation in March 2006;
- Regulation approval by OAL by May 2006;
- Regulation becomes operable in June 2006.
